Cookie policy

General Information

What are cookies?

Cookies are small text files that the browser stores on your device (computer, smartphone, tablet, etc.) when you visit a website. When you visit a website information can be collected and stored through cookies. The advantage of cookies for you is that it can improve your browsing experience, because your habits and needs can be identified. Cookies help to provide, keep up to date, and constantly improve services.

This site does not use any first or third party cookies to collect any personal information or analytics.

Required cookies

Technically required cookie enable the websites basic function and usability and allow for session length data for log in purposes only.

This site may use javascript script to carry out more complex commands but does not obtain any personal data information.

The site does make use of tags allow for logging of company crew code when there are changes in user management, training records / forms added or training records / forms deleted.

Privacy Policy

The site uses SSL.

SSL is standard technology for securing an internet connection by encrypting data sent between a website and a browser (or between two servers). It prevents hackers from seeing or stealing any information transferred, including personal data.

The SSL certificate for *.training-records.online has been issued by Sectigo RSA Domain Validation secure server from Sectigo Limited.

This site is maintained on behalf of RYANAIR / MALTA AIR Ltd for used by company training staff to record and submit training records (for selected company crew members) and company crew to view their own training.

Stored data will include:

Name,
Company code,
company email

Telephone number for users.

(This data has been provided from company stored records and provided by each individual crew member.)

Line Training Reports and Check forms will also be stored.

These training reports will only be accessible by the individual user to whom they are addressed and any company training staff with permission to do so.

All administrators for the records will also have company permission to view any records.

The site and its data is stored with IONOS UK on a secure server under the following DATA Processing Agreement.

https://www.ionos.co.uk/terms-gtc/data-processing-agreement/

Data is stored on a secure SQL server provided by IONOS Ltd.
